

SAINI HEAVY ELECTRICAL & ENGINEERING CO. PVT. LTD.

The Company wholly owned by Saini family was established in 1975 with blessings of the parents, Late Mr. Pritam Singh Saini And Late Sardarni Pratap Kaur.

Saini Electrical & Engineering Works was started at the present Ghatkopar unit, as a small workshop to cater to repair needs of small motors up to 50 H.P. Through constant development and hardwork, today it has established itself as one of the leading service industry in repairs / refurbishment of Rotating Machines upto 20 MW with all in-house facilities at three locations, one in Mumbai & two in Navi Mumbai. Presently, with a team of around 100 experienced technicians and Engineering personnel, Company is able to cater to the repairs / rehabilitation of all types of Rotating Electrical Machines both at their Works as well as at site.

Company is also in to export of High Voltage (11 KV) Stator Coils for Induction Motors, Armature Coils, Commutator For DC Motors.

Company has full fledged Computerized Design capability to take up Design modifications of existing machines.

We are an ISO 9001:2008 Certified Company. In addition, we are also RDSO approved Vendor For Supply of Field Coils for Traction Motors used in Electrical Locomotives of Indian Railways.

" We undertake repairs/ rewinding of all types of DC and AC traction motors for Railways. Amongst new Traction products, we manufacture TA17 stator and its coils ; CA 6 stator and coils, SL30 oil cooling blower motors and Smoothing Reactor. We also manufacture and supply special purpose LT motors for Hoists, Roller Table etc."
